PLANNER

Hello!

I'm so excited about your new school year. This is going to be a GREAT year! With this planner, you'll have all the tools you need to work hard, get things done, and explore what God has for you. Here's how to get started:

- 1. Pray first.** Before you do anything, take some time to pray and ask God to lead you as you fill in these pages. You'll want to do this each day, too!
- 2. Learn how to use this book.** We've put together an amazing video to help you learn the easiest way to use this planner. Have your parents help you scan the QR code below or go to this website: www.notconsumed.com/elementary-planner/
- 3. Pick a date.** Pick a date to sit down with your family so that you can make plans for the school year together.
- 4. Make some plans.** Before the year starts, take some time to complete the planning section of the book to determine your goals, curriculum, and calendar.
- 5. Put it on the calendar.** Once you have the other steps done, you can begin putting the monthly tabs in your planner (be sure to check the calendars in your planning section to see where you need to start). You can also go ahead and put the dates into each calendar for the whole year. It will save you time later!

Now that you've completed these 5 steps, it's time to get started on your best year ever. Don't forget to do your planning each week. It will help you stay focused on what's most important.

Let's do amazing things!

Love,
Kim

Parents: This page will give you a snapshot of the tools you will use this year. Write them down for each subject, and note the time it will take to complete the curriculum. When your child lists their subjects on the weekly pages of this book, they'll only need to name the subject and the lesson or page numbers they should complete. For additional instruction on how to use this page, scan the QR code on next page.
